

Quality Standard

Our aim is to provide our customers with the best products and services. The implementation of our quality requirements into our work and products is based on several simple principles - the AP&S Quality Standard.

1. SIMPLICITY

“We keep it simple“

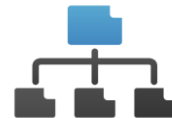

2. FAULT AWARENESS

“We talk about mistakes and eliminate them effectively efficiently“

3. FOCUS

“Through organization, we gain time for the essential: our core competences (skills)“

4. CLEAR SPECIFICATIONS

“We agree on what we want to achieve together“

5. SELF-RESPONSIBILITY

“We take responsibility (for our actions)“

6. QUALITY INSPECTION CONTROL

“We always have our quality in mind“

7. ADHEREENCE TO SCHEDULES

“We meet our deadlines“

8. COOPERATION

“We work constructively with the right people“

9. CONTINUOUS IMPROVEMENT

“We are open- minded to new ideas“
